MAI NGUYEN

JUNIOR SOFTWARE ENGINEER

ABOUT

I am passionate about solving problems and helping people. From a self-taught amateur coder to a graduate developer from the Software Engineering Course at General Assembly, I find myself being the happiest person that I can be.
I am hardworking, a fast-learner and a great team-player.
After graduation, I am currently working as an Instructor Associate at General Assembly as a contractor and I will be available for jobs after 12 Jun 2021.

RECENT PROJECTS

FURNIQUE
Mar 2021

- Furnique is an e-commerce website that sells furniture. Shopping cart updates at real time. Users can log in and keep track of their purchase history. Stripe is used as the payment gateway.
- Tech stack: MongoDB/Express/React/Nodejs
- https://furnique.netlify.app/

I FEEL LIKE
Feb 2021

- This project uses the Google Places API to suggest to you with the a random restaurant when you feel adventorous with your culinary adventure. The app allows you to manage your favourite restaurants inside your database and create events to invite your friends to join.
- Tech stack: React/Rails/Bootstrap/PostgresQL
- https://anchorite1001.github.io/project2-frontend/

FOODHUB
Feb 2021

- FoodHub is a web app that allows user to create their own account, post recipes, add recipes to their lists and interact with other users by commenting their posts.
- Tech Stack: Ruby on Rails/Bootstrap
- https://foodhub-project1.herokuapp.com

TIC TAC TOE
Jan 2021

- This is a classic game that has been designed to play between two players and let them freely choose their tokens. The condition checking algorithm was built to perform efficiently and able to keep track of multiple rounds.
- Tech Stack: JavaScript/jQuery/HTML/CSS
- https://little-chi-mai.github.io/project0/

WORK EXPERIENCE

INSTRUCTOR ASSOCIATE
General Assembly Australia | Mar 2021 - Recent

- Gathering teaching and resource materials for the instructor and students, and collating these materials for students to reference as as class complements.
- Giving feedback on students' homework and projects.
- Acting as a support between the instructor and students

CLUB ATTENDANT
Shangri-La Hotel Sydney | Feb 2020 - Mar 2021

- Deliver high standard of service in the VIP lounge of the hotel under high pressure. Engage with guests to ensure the customised service and memorable guest experience.
- Communicate effectively within the team and with other departments.
